

NEAR EAST SITUATION CAUSES MEETINGS OF THE BRITISH CABINET

Bad News of Wednesday is Confirmed by Yesterday's Dispatches—Turks Refuse to Retire From Neutral Zone—Will Refuse to Permit British to Build Fortifications

LONDON, Sept. 28.—The British cabinet held three successive meetings today, and another meeting will be held tomorrow morning. This fact alone is sufficient comment upon the gravity of the situation in the Near East revealed by yesterday's bad news which has been amply confirmed and accentuated by today's despatches.

The Greek revolution which was a military and naval coup, seems to have been carried out with surprising swiftness and completeness. Information regarding Constantinople is meager, but one report had it that he was a prisoner of the revolutionists.

The crown prince succeeds to the throne, while the victorious troops with their leaders at their head marched triumphantly into Athens which, pending the formation of a new government, is in the hands of a military dictatorship in the shape of a triumvirate council of generals. One of the generals is said to be the famous General Nider who for a long time was chief of staff and war minister under the Venizelos administration and manned the Greek expeditionary corps operating in south Russia in 1918.

REACH DECISION TO OPEN TRIALS ON NOVEMBER 13

Men Indicted for Heroin Massacre Will Go on Trial Then

MARION, Ill., Sept. 28.—Decision to open the trials of the men indicted for murder, conspiracy and rioting in connection with the Heroin mine killings about November 13, was reached today at a long conference between Judge D. T. Hartwell of Williamson county circuit court and attorneys for the prosecution and defense.

After the conference Judge Hartwell announced that he would formally set the docket tomorrow morning and that unless unforeseen conditions arise to change his plans he would fix the time for the first trial to start on the Monday nearest the middle of November and not later than November 15.

The forty eight men charged with the murder in the indictment in connection with the death of Howard Huffman of Huntington, Ind., will be the first to go on trial in connection with the killing of nineteen nonunion workers and three union miners at the strip mine of the Southern Illinois Coal company near here last June 22 and 23, under present plans.

The indictment charges that Huffman was shot, stabbed and beaten by all of the forty eight men indicted for murder. He died June 24 in a hospital at Heroin.

At the conference the attorneys for the state declared they were anxious for the trials to begin as soon as possible saying they would be ready October 3. The defense attorneys requested a continuance until the next term of the court and urged trial in either December or January. Judge Hartwell compromised the difference between the two sides. The request of attorneys for the defense that the men charged with the death of Huffman be the first on the docket was granted.

The defense attorneys contended that as all of the men charged with murder were indicted in the same indictment it would save expense and time and expedite the trials to try this case first.

Prosecuting attorneys made an attempt to open the trials with the single indictment against Ois Clark, who is charged with murder in connection with the death of C. K. McDowell, superintendent of the mine but were overruled.

TO RECEIVE BIDS ON MORTON AVE. HARD ROAD

The department of public highways is to receive bids for a stretch of road on Morton avenue 450 feet long and for construction of a bridge over Mauvaister creek there. Bids are to be received October 6. The understanding between the state department and the city of Jacksonville is that the work the city is to do on Morton avenue will be done concurrently with the state.

IS PLACED UNDER \$200 BOND TO KEEP PEACE

Herbert Lynch in Squire Opperman's court gave a \$500 bond to keep the peace for six months. The warrant was sworn out by Sylvester Arbuckle, who charged that Lynch had made threats against him.

MAYOR THOMPSON RELIEVES \$10,000 EMPLOYEE OF JOB

Rev. J. H. Williamson Unable to Agree with Chief Fitzmorris

CHICAGO, Sept. 28.—Rev. John H. Williamson, Chicago's \$10,000 a year "law enforcer" was dismissed today by Mayor William Hale Thompson. The minister who was appointed to the unique position 8 months ago received a letter of dismissal from the mayor today when he reached his office. The ousting of the law enforcer—whose duties have been extremely vague and undefined—was the climax of differences with Chief of Police Charles C. Fitzmorris, which virtually began with the minister's appointment.

Mayor Thompson created the position which was regarded as that of an extraordinary addition to the mayor's official family. He appointed the Rev. Williamson, who resigned his pastorate at the Auburn Park Methodist Episcopal church to accept it.

The minister has had a rather stormy career in office. Without definite duties and with no definite office assigned to him he took possession of a small office off a committee room in the city hall and went to work. He succeeded in reaching a working agreement with Chief Fitzmorris and several times has indulged in open disagreements with the chief.

A few days ago, the law enforcer—the only municipal officer of the kind in any city of the country, so far as known—charged that gambling and vice were flourishing and that it could not flourish without corruption in the police department.

Chief Fitzmorris replied that Williamson was getting his information from discredited sources. He declared that the law enforcer had been visited by "Mike Dik" Heller, once known as "vice and gambling king" and "Dad Mader, a labor leader."

When the minister received this Heller's dismissal today he refused to comment. He has, as a result of his differences with the chief and other incidents in his official career, including a refusal to appear before a committee which sought to investigate his office, refused to make other than written statements to newspaper interviewers.

At the time of his appointment, political opponents of the mayor charged that the minister was appointed for political purposes. Ministers themselves were divided over the value of placing a preacher in a political position and at least one body of ministers refused to endorse the office of law enforcer.

The Rev. Williamson's appointment did not require confirmation by the city council as the mayor arranged to pay his salary out of the mayor's contingent fund.

Has Confidence in Kemal

In Constantinople it is believed the situation has been relieved by the Kemalists agreement to recognize the neutrality of the straits pending the armistice conference. Another point on the peace side is that General Harrington still professes confidence in Kemal's moderation. He said a wireless message to the Nationalist leader at Smyrna this evening asking for an immediate personal meeting and leaving the choice of place to Kemal Pasha.

A report has reached here, tho not officially, that the Sultan of Turkey, Mohammed VI, has abdicated in favor of the heir apparent, Prince Abdul Medjid.

The British government is delaying its reply to the Russian note pending further developments. No authoritative information is forthcoming on the cabinet's views on the new situation created by the Greek revolution. The government's present attitude is that of waiting for further developments and the result of the armistice conference.

A Smyrna despatch tonight says that Kemal Pasha is disposed to accept the invitation to a peace conference with certain reservations. All it is possible to say with confidence is that while peace has not yet been broken, some unforeseen incident may at any moment provoke hostilities.

KIDNAPED CHILD REAPPEARED AGAIN

CHICAGO, Sept. 28.—Mary Jane McCoy, six years old, who was kidnapped today from in front of a school, reappeared tonight mysteriously as she had disappeared.

Following a telephone call from an unidentified person, the child's father found her in front of the school from which she was taken by two men in an automobile this morning.

The child was unharmed and said that the men took her to a distant part of the city in the car and then brought her back.

Mary Jane, the daughter of E. C. McCoy, owner of an automobile accessories concern, was seized by two men in an enclosed car while playing near a school building with four other children. It was said that the car had stood outside the school for about twenty minutes with a chauffeur at the wheel and the engine running. An elderly man leaned against the open door and as the children approached he ran out and seized the McCoy girl. He placed his hand over her mouth to prevent her making an outcry and dragged her into the car, which dashed away.

Every policeman in the city had been ordered to join the hunt for the missing girl.

Americans Arrive at Smyrna for Relief Work

(By The Associated Press)

SMYRNA, Sept. 28.—Oscar S. Heiser, of Corning, Ia., the American consul at Constantinople has arrived here on the Destroyer MacLeish to administer the congressional fund of \$200,000 for the relief of naturalized Americans here and in other sections. After making a survey of the needs, Mr. Heiser will establish headquarters at Athens from which he will direct the work.

Wireless messages to American destroyers report that the situation of the refugees at Rodosto, Mitylene and along the shores of the Sea of Marmore is assuming appalling proportions demanding the attention of the allied nations. There are 100,000 in the scattered villages along Marmora.

60,000 at Mitylene, 110,000 at Rodosto and nearby towns and many refugees from the interior are expected soon to be staggering into Smyrna.

The United States has taken an active lead in this work of mercy; its naval officers and sailors as well as its citizens are engaged in all these areas ameliorating the deplorable plight of the evicted Christians.

The submarine chaser 96 is proceeding from Constantinople to Rodosto with bread, Dr. Mabel Elliott of Benton Harbor, Michigan is aboard. She will direct the medical work among the refugees in behalf of the Near East Relief. She has with her equipment for headquarters which will be opened in the mayor's office.

NATIONAL CATHOLIC WELFARE COUNCIL IS TO CONTINUE WORK

Was Authorized by Hierarchy of Church at Meeting Yesterday

(By The Associated Press)

WASHINGTON, Sept. 28.—The National Catholic Welfare Council was authorized today by the hierarchy of the Roman Catholic Church of America "to continue and to intensify" the activities which have resulted in the greatest good during the past year.

Announcement of the authorization which churchmen said would clear up uncertainty existing in some quarters as to the scope of the welfare council was made by Archbishop Hanna of San Francisco and Curley of Baltimore, at the close of today's session of the annual meeting of the hierarchy.

Members of the hierarchy, composed in the meeting of Cardinal O'Connell of Boston, nearly a dozen archbishops, and more than fifty bishops previously had received and considered reports of the activities of each department of the council during the year. These reports especially along social service and educational lines, were said to have shown remarkable accomplishments.

The two archbishops in their announcement said the hierarchy regarded the organization of the welfare council as its own representative and as the exponent of its policies in carrying out plans for the welfare of the Catholic people of America along educational, social and related lines.

This statement was considered in church circles as setting at rest doubts as to whether in view of reports from Rome, the welfare council would increase or diminish the scope of its activities. Bishop Schrems of Cleveland who headed the group which recently went to Rome to obtain views of the vatican on the council's activities, is in attendance at the meeting of the hierarchy's action it was understood that he reported on the visit to Pope Pius XII and upon the wishes of the Holy Father in the matter.

The hierarchy of the church decided also to take a collection in all churches for the relief of suffering in Austria, Germany and Russia. The collection would be on the nearest convenient date.

Appeals for aid recently had been transmitted to the vatican by the Cardinal archbishops of Virginia and Breslau.

VICTOR ILAHIBAKSH TO ADDRESS ROTARIANS

The weekly luncheon of the Rotary club will be held at the Pacific hotel at 12:15 o'clock today. The speaker will be Victor M. Ilahibaksh, who is the national secretary for rural work in North India, under the Indian Y. M. C. A. Mr. Ilahibaksh has been on a tour of this country for a number of months and expects to return to India in October, where he will assume charge of this work.

Mr. Ilahibaksh is also to speak at Illinois College chapel services this morning. As a small boy he was brought to this country by his parents and is a graduate of the Wesleyan Law school and of Garrett Biblical institute, Jacksonville people remember with interest his address made at the Jacksonville chautauqua. Mr. Ilahibaksh has a record of walking several thousand miles a year in his work but evidently purposes to cover a much wider territory as he will take a Ford bus to India with him.

MEDILL M'CORMICK WANTS RETURN TO OLD STYLE WRITING

Modern Methods Forebears of Andy Gump, Bill Hart and Chaplin

(By The Associated Press)

CHICAGO, Sept. 28.—An abandonment of the present day, narrative style of reporting for a return to the old time, semi-editorial sort of newspaper writing in response to a demand for a more informed account of national happenings was predicted tonight by U. S. Senator Medill McCormick in a speech tonight before the Medill School of Journalism.

"The most highly paid writers in Washington today," he said, "are those whose news and comment is syndicated everywhere in the United States. We want informed consideration of the news sent us by trained and educated men. What rank and rotten newspaper work it is which perverts a boy in the press gallery to write a column about the parliamentary antics of a political anachronism to the exclusion of a half column upon agricultural credits and another half column upon exports."

Senator McCormick also declared that the modern methods of cheap, mass production initiated by the Cunards, the Harrisons and the Carnegies had been applied to newspaper making and that Nick Carter and Peck's Bad Boy were the undisputed forebears of Andy Gump, William S. Hart and Charlie Chaplin.

ACCUSED WOMAN TESTIFIES IN OWN DEFENSE

Mrs. Linnie Taylor Says Man She Shot Assaulted Her

(By The Associated Press)

COUNCIL BLUFFS, Iowa, Sept. 28.—Mrs. Linnie Taylor, charged with the murder of Sam C. Freiden, a local business man as he was entering the Taylor yard, July 25, last, testified in her defense today.

Mrs. Taylor detailed visits to her home by Freiden and recited events on July 18, when she alleges that Freiden came there, gave her children money to go to a store and then assaulted her. She then told of her shooting Freiden on the afternoon of July 26. She testified Freiden threatened to kill her if she told of the assault.

Mrs. Taylor testified she did not tell her husband of the assault until several days later and when her husband went to see County Attorney C. E. Swanson she did not get any satisfaction. Mrs. Taylor denied that she attempted to call Freiden on the telephone the day previous to the shooting, as had been testified to by two witnesses for the state.

WYOMING OIL FIELD IS GREATEST EVER

The fact that a local company is being organized to put down a deep well test in the field northeast of the city gives interest to some oil history from the northwest country. Salt Creek, Wyo., is said to be the largest oil field in the world and a few years ago the prospects were no better than the oil men now claim for Morgan county.

For a number of years oil was found at a depth of 300 feet and on one 40-acre tract wells were in operation for several years, producing five barrels a day. Later wells were drilled thru sand to a depth of 900 feet and wells with 100 barrel production were put down at many points in a territory 20 miles square.

This great production spurred drilling to a depth of 2,000 feet and sensational development came in a field fifty miles square, with wells producing as high as 20,000 barrels per day.

Local men who are seeking to find out the facts about Morgan county oil know several tracts where wells better than 5 barrel size have been put down. They are not expecting to duplicate the Salt Creek results, but do believe that the showing already made will justify the expenditure for at least one deep well test.

SOCIAL SERVICE LEAGUE PLANS BUDGET

The Social Service League held a special meeting Thursday afternoon. Arrangements were made for the annual meeting and for the financial campaign. The board adopted a budget of \$3,000 for the year. Plans of the campaign will be announced later.

HILLVIEW MAN HAS INFECTED HAND

Charles Newingham, an employee of A. L. McCloy of Hillview is a patient at Passavant hospital. Some time ago he received a slight injury on his hand and infection developed into blood poison. Serious consequences were feared and the patient was brought to the hospital for treatment.

JUDGE WILLETT IS ELECTED AS HEAD OF NATIONAL G. A. R.

Dr. Harding, Father of President, Also Elected to Office

(By The Associated Press)

DES MOINES, Iowa, Sept. 28.—Judge Willett was elected by acclamation under suspension of rules.

He is the first naval veteran to be elected head of the G. A. R. Among the other national officers elected was Dr. George T. Harding, of Marion, Ohio, father of President Harding, as surgeon-general.

Other officers follow: C. S. Brodhead of San Antonio, Texas, senior vice-commander; C. V. Gardner, Rapid City, S. D., junior vice-commander, and the Rev. J. H. Epler of Gary, Ind., chaplain.

Mr. Epler, the new chaplain, is blind as a result of injuries received in the Civil War.

Following the election and the selection of Milwaukee as the fifty-seventh annual encampment city, the annual address of the retiring commander, Lewis S. Pletcher, of Brooklyn, N. Y., was given, following which the first business session of the encampment adjourned to await action of the resolutions committee which will report tomorrow morning. The adoption of resolutions and the installation of officers tomorrow will conclude this year's encampment sessions.

Memorials dedicated to the late William A. Ketcham, of Indianapolis, past commander, and the late Bishop Samuel Fallows, past chaplain, were read and spread upon the records of the organization.

With Judge Willett as commander of the G. A. R., Iowa men now head each of the two great veterans organizations. Hanford MacNider of Mason City, Iowa, is national commander of the American Legion.

The new commander has been a member of the legal profession in Iowa for fifty years. He is now serving his third term as judge of the seventh judicial district of Iowa and is past commander of the Iowa department of the G. A. R.

Commander Willett, a native of Illinois, enlisted at Cleveland in the volunteer navy in September, 1863, and was accepted as an able seaman October 1, 1863. For a short time he served on the receiving ship, Clara Dolson, at Mound City, Illinois.

From Mound City he was assigned to the gunboat U. S. S. Springfield, attached to the Mississippi squadron commanded by Andrew H. Foote. He was promoted to boatswain's mate and served in that capacity until honorably discharged on Sept. 30, 1864.

Mrs. Alice Cary Risley of Columbia, Mo., was elected president of the Grand Army Nurses Association at the business session here this afternoon.

Miss Lola S. Elliott of Des Moines was elected national president of the Daughters of Veterans.

FRANKLIN SOPHS ARE HOSTS TO FRESHMEN

The sophomores of the Franklin high school entertained the members of the freshman class Thursday evening at the school building. About sixty-five young people were present and the evening was spent in a delightful way with games and contests. Excellent refreshments were served during the evening.

The freshmen class this year numbers about twenty-five and there is almost an equal number in the sophomore class. Miss Chilton Jolly is president of the sophomores.

HI Y CLUB WILL MEET TUESDAY

The HI-Y club will reinstate their regular weekly meetings for the coming season, Tuesday evening at State Street Presbyterian church. The HI-Ys will be entertained by the ladies of the church.

A supper will be served to the boys. All those who are planning to go should obtain tickets before Monday evening so that the ladies may know how much to prepare. Tickets may be obtained from Harold Hunter and Louis Gard of the High school, and others.

BRITISH IN CHANAK VIRTUALLY INVESTED BY TURKISH TROOPS

Turks Are Now Occupying the Entire Neutral Zone on the Asiatic Side—British Are Rushing Ships to the Scene—Believed That Events Are Surely Reaching Climax

(By The Associated Press)

CONSTANTINOPLE, Sept. 28.—Events are surely approaching a climax. The Turks occupied the entire neutral zone on the Asiatic side of the Dardanelles with the exception of the Chanak area around which they have established infantry units in a semi-circle, virtually investing the British lines. The Turkish cavalry squadrons are retiring, and the British troops who are in strong force at Chanak are ready for what may happen. In these circumstances, General Harrington, the British commander-in-chief has sent a wireless message to Kemal Pasha at Smyrna asking for an immediate personal meeting. He leaves the choice of place to Kemal, whose reply is expected momentarily.

Yussuf Kemal Pasha, the nationalist foreign minister, is understood to have gone to Angora to submit the allied joint note to the nationalist assembly, but in the meantime Turkish concentrations are being pushed with the greatest speed.

British reinforcements are reaching here and the threatened area. The superdreadnaughts Revenge and Resolution, the most powerful fighting machines afloat have arrived in the Dardanelles while a battalion of North Staffordshire and 1,000 men of the British air forces landed today and marched thru Constantinople with bands playing. Their presence had a reassuring effect.

The Turkish instructions to the men in the Chanak sector are to advance the farthest possible without meeting resistance. They are now practically against the British entrenchments, and obviously the situation cannot be indefinitely prolonged.

Notwithstanding the Kemalists concentrations around Chanak, however the British are confident of holding their lines against all odds. They declare that their flanks are well protected by the fleet. The battleships with their 14-inch guns can sweep the whole area around Chanak for a distance of twenty miles, and it is possible for the British to dismount some of their giant naval guns and use them for shore batteries.

The Turks at present have only machine guns in the Chanak area. If they brought up heavy artillery the security of Chanak might be seriously challenged. The British admit but the entrenchments in this sector are said to be more efficient than any used in the world war. Since Sept. 11, two thousand men from the labor squad, 1,000 from the fleet and several thousand from the army have been steadily building trenches and setting up gun emplacements.

SULTAN REPORTED TO HAVE ABDICATED

(By The Associated Press)

PARIS, Sept. 28.—Mohammed VI, Sultan of Turkey has abdicated in favor of the heir apparent, Prince Abdul Medjid Effendi, according to a report sent by the Havas correspondent at Constantinople. The news, he added, has not yet been officially announced.

Prince Abdul Medjid, who is a cousin of the Sultan was born in 1868.

The conference is the result of a conviction among the 70,000 striking shopmen on the anthracite roads," the statement said, "that the executives of these lines have organized to refuse to settle the shop strike on the Baltimore or an other basis of agreement, coupled with rapidly growing unrest among the anthracite miners who are being thrown out of work because these roads cannot move the coal that is now being mined."

The embargo is effective immediately. Freight received from connecting lines west of Altoona and Renova and such freight as may be destined to points west of these two junctions," said the order, "will be limited to food for human consumption, feed for livestock, perishable products, mine supplies, livestock, medicine, fertilizers, seeds, newspaper, paper, coal, coke and other fuel, petroleum and its products, tank cars, surfactants, instruments, ore, grain, food containers and company supplies."

This action does not effect in any way the movement of freight at junction points east of Renova and Altoona and destined to points east thereof.

MAY TAKE JOINT ACTION AGAINST COAL CARRYING R.R.

Shopmen and Anthracite Miners Will Confer Saturday

(By The Associated Press)

NEW YORK, Sept. 28.—Joint action by the striking railroad shopmen and anthracite miners in Pennsylvania against the coal carrying railroads, will be considered at a conference in Scranton next Saturday afternoon. The central strike committee announced today. Railroad shop union workers, and public officials of the cities in the Pennsylvania anthracite districts have been invited to attend the conference. A statement said, "to take action in regard to the inability of the anthracite carrying railroads to move coal."

The community of interests between the miners and the railroad workers in the present crisis," the statement declared, "has led to plans for formal pooling of forces between them and for joint action."

The roads involved are the Pennsylvania, Central of New Jersey, Delaware, Lackawanna & Hudson; Lehigh Valley, Reading, Lehigh and New England, New York, Ontario & Western and the Erie.

A THOUGHT

Now the end of the commandment is charity, out of a pure heart, and of a good conscience, and of faith unfeigned.—1 Timothy, 1:5.

He that loses his conscience has nothing left that is worth keeping.—Izzak Walton.

It is a fine thing to know that hard road interests in Morgan county is not confined to any one locality. Officials of this county are just as much interested in developing hard roads in one part of the county as another. It is

not possible to build roads in all directions at once, so the policy has been followed of pushing one area at a time.

Officials having secured the construction of the road east and definite promise of road to the west, are now intent upon bringing to pass construction work to the south. A road in that direction is likely to serve as more of a business feeder for Jacksonville than roads even to the east and west.

The statement of a Jacksonville traveler with reference to conditions in Germany is especially significant. Although the Germans claim inability to pay their debts and the presses are busy in printing almost worthless currency, there are many signs of prosperity and improving business conditions. With characteristic judgment these Germans are using their worthless money to buy real estate or commodities, and so their marks are not worthless after all. It's no wonder that the French fear what Germany may do in years to come.

A representative of the Standard Oil company made a very interesting address in Jacksonville yesterday. Certainly the Standard Oil company is a wonderful business organization and its policies so successfully followed, must be outlined by master business minds. While the methods

A BIT of the brute and a bit of the god,
A bit of the sky and a bit of the cloud,
A little of velvet, a little of steel,
Of dross and of gold as the test may reveal:
A piece of the baby, a lot of the boy,
A jigger of sorrow, a heaker of joy,
A strange contradictory puzzle to scan—
And that is a Man.

A BIT of the serpent, a bit of the dove,
A bit of deceit and a great deal of love,
A wisp of the mist and a pinch of the dust,
A trace of the feline—unstable to trust;
A large slice of heaven, a wee bit of hell,
Though just which is which is a problem to tell;
A bit of supernal, a whole lot that's human,
And that is a Woman!

You cannot imagine them happily mated,
Yet somehow, despite all that's said to disparage,
They frequently make a success out of marriage!

of the company have sometimes been questioned, the majority opinion is that it belongs in the class of "beneficial" corporations or trusts; and that without its existence prices for petroleum products would be higher.

Now that retail merchants association has passed a resolution asking Attorney General Daugherty to resign, all because he once accused retailers of profiteering. It seems to be the fashion now for any individual or organization who happen to be displeased with a Daugherty statement or ruling to demand his resignation. No doubt the attorney general will continue to follow the even tenor of his way, handling the office to the best of his ability without giving a second thought to his critics.

Rev. J. H. Williamson, who was appointed law enforcer in Chicago by Mayor Thompson, about year ago, has been removed from office. This action presumably has been taken because the minister was in constant con-

flict with Chief of Police Fitzmorris.

The surprising thing is that the "law enforcer" was permitted to stay in office even for a ten month period, for there seems to be neither logic or reason for his appointment.

YOUR POWERS

Lulu M. Cargill, clerk in the New York postoffice, takes from Nona E. Holmes of Detroit the title of "champion letter sorter of the world." Miss Holmes attracted attention by sorting 20,610 letters in eight hours, or nearly 43 a minute. Miss Cargill sorts 30,215 letters in eight hours, which is better than one a second. And she sorted the first 23,500 letters without pausing. Then she stopped for a cup of tea.

Sorting a letter means picking it up, reading the address, recalling the postal route to reach the address, then tossing the letter into the proper bag. Miss Cargill is 26 years old. She has been postal clerk only three years.

Miss Cargill, you reflect, must have wonderful co-ordination of body and mind. A brain that works with lightning swiftness has automatically perfect team work with a body that perfectly obeys her rapid brain.

The body is a collection of machines, each trying to work co-operatively for the good of all. It is a more perfect system of government than man has been able to devise.

Miss Cargill, judging from her work, has what scientists would call "an extraordinary well-balanced system of endocrine glands."

In the so-called "efficient" person, the body glands speed up when needed and slow down when the energy of the body is required by other glands.

In a boy who is growing too rapidly, as a result of abnormal activity by the pituitary gland in the brain, the other glands slow down and surrender part of their share of the body's energy. With most of his energy devoted to growing, the lad is apt to be otherwise languid.

Or, for example, you suddenly are in danger, which requires a quick use of reserve energy. The word is telegraphed through the blood. The message is sent out by the adrenal glands, which stand guard as a mobilizer of reserve energy. Other glands slow down, is it saying, "if the adrenals fail in this emergency, we all perish."

The heart responds to the adrenals and rushes blood to the arms or other parts of the body that have to meet the danger. This rush of blood is why "the face goes white" in a time of peril.

The crisis met and conquered, the blood rushes back to normal distribution through the body. The other glands "come to life." The sudden change makes the person calm in danger, half-collapse "after it's all over."

CHAPIN HIGH SCHOOL NOTES

The high school students are working energetically on the coming lyceum course. The course this year is put jointly by the high school and a group of citizens. The course consists of five attractions which are chiefly musical and entertaining; one of the numbers is a home talent play. Season tickets are now on sale.

The deputy state fire marshal visited the high school Wednesday. He reported the building entirely satisfactory but recommended the installing of a hand fire pump. The board is giving this recommendation immediate favorable action.

The class in vocational agriculture had a very profitable lesson in hogs and beef cattle judging Tuesday on the J. H. Nickels farm. Mr. Nickels and his son explained with much clearness the type of hog most desirable for market. The Polled Shorthorn as a dual purpose was also profitably studied.

GAVE WIENER ROAST AT NICHOLS PARK

The annual fall picnic and wiener roast of the Junior Endeavors of the Christian church held late Thursday afternoon at Nichols park, was one of the most successful and enjoyable so far held. There were more than fifty young people and a large number of the mothers association of the church as well. Following an hour spent in games of various sorts the party sat down to a splendid supper.

Thursday happened to be the ninth birthday of Phares Ray, a member of the society, and his mother, Mrs. Edward Ray of East College street, celebrated the event by baking a huge cake which she took to the park. After supper was over the cake, decorated with candles, was brought forward and given to Master Ray to cut and pass around to the assembled guests. The "surprise cake," was greatly enjoyed and the entire crowd joined in wishing Phares many happy returns of the day.

IS CRITICALLY ILL.

Mrs. Josephine Hughes of Martin, Tenn., who arrived last Friday to visit with her daughter, Mrs. J. B. Clark of South East street, is critically ill at Our Savior's hospital. Monday Mrs. Hughes was stricken with paralysis and she has remained unconscious since that time. Her condition is said to be very serious and little hope is held for her recovery. A son has arrived from Tennessee to be at the bedside.

OIL PRODUCTION STORY TOLD KIWANIS

W. R. Battin Standard Oil Company Representative Made Informal Address Here Today.

At the luncheon of the Kiwanis club at the Peacock Inn yesterday, President F. E. Farrell presided and there was an excellent attendance of the membership. Miss Ruth Armstrong of the Kiwanis sang a group of songs which were especially appreciated.

The address of the day was made by W. R. Battin, sales manager of the Standard Oil Co., of Indiana.

Mr. Battin told some very interesting and not widely known facts pertaining to the oil industry. He briefly outlined the early history of petroleum, and brought out the early history of the workings of the Standard Oil Company, explaining how the business was first handled thru the jobbers in wooden packages and later with the growth of the business and the increased demand began distributing their products thru bulk stations. Distribution first was made to the dealers in wooden packages and later it became necessary to establish bulk storage all thru the country. He explained how in modern times with the tremendous demand have increased and more than doubled the number of bulk stations, and how the horse-drawn wagon has been replaced by the motor trucks.

Mr. Battin stated that the service station has been made necessary by this ever growing demand and that it will only be a matter of time when there will be stations in every town of 2500 population.

It was interesting to learn that with the increased demand for petroleum products the price instead of advancing has been decreased, and that instead of paying \$1.00 per gallon for kerosene it can now be purchased at a price that is within reach of everyone. The same being true of gasoline.

It is almost beyond comprehension when you stop to think that the petroleum industry has doubled every three to four years during the past twenty years. It was also interesting to learn that from the crude oil as taken from the ground gasoline, kerosene, lubricating oils, greases, wax from which candles and wax for sealing jellies is made, road oils, asphalt, petroleum coke are obtained.

The most interesting part of Mr. Battin's talk, dealt with his question "Who is the Standard Oil Co. of Ind?" He explained that the Standard Oil Company of Indiana is a separate and distinct organization, owned by approximately 27,000 people who have invested their money in the company, and no one stockholder owns as much as 10 per cent of the capital stock. He explained that Mr. R. W. Stewart, chairman of the Board of Directors and his fellow members control and are responsible for the policy of the Indiana company. The policy of the company in turn is handled on broader lines by the various General Managers J. R. Coleman being the manager of the division embracing Jacksonville.

The Industrial Relation Plan explains why the Standard Oil Co. has been able to avoid any labor trouble and each of the employees of the company who have been in the employ of the company for one year are eligible and as a rule have purchased company stock, thru a very liberal plan, so that in reality all employees are stock holders.

The service rendered by the Standard Oil Company in times of stress such as the recent railroad strikes seems to give assurance that locally at all times there will be a supply of gasoline and kerosene because of the large amount carried in storage at points adjacent to Jacksonville.

In talking about gasoline the speaker outlined the six essentials of a good gasoline and carried his points clearly.

In conclusion the speaker recited a line of poetry explaining why the motorist should use Red Crown gasoline and Motor Oils.

In Alexandre Dumas'

The Three Musketeers

Just two more fast flying days, then—a revelation! For Douglas Fairbanks in "The Three Musketeers," which will be shown to an eagerly waiting public on next week, is a striking revelation of what can be accomplished when hundreds of thousands of dollars are spent, not extravagantly but with judgment, on the picturization of a matchlessly fine story! It is a drama worthy of Fairbanks—and Fairbanks has made a production worthy of the story!

A TRIP THROUGH YELLOWSTONE PARK (By E. R. Brown)

E. R. Brown of this city, Bryan Underwood, both of the class of 1919 of Illinois College and Riley Lamb of Millikin University have been touring the West for the past three months in the interest of the National Map Co. of Indianapolis, Ind., and have recently visited Yellowstone Park. They were all enthused over the many natural wonders seen and Mr. Brown has written the following description of the Park:

Yellowstone Park created March first, 1872, by act of Congress was one of the first national parks in the United States, reserved from settlement so that the natural wonders contained herein would be preserved for all time from mutilation of any kind.

The only evidence of civilization are the splendid highways, the systems of trails reaching out into the less accessible places, hotels, camps and a few other buildings, made necessary in caring for the wants of travelers.

It has been stated that 100 feet from any trail one finds a wilderness in the same virgin state in which the explorers of the famous expedition of 1870 found it.

The boundaries of the park embrace an area of more than 3,000 square miles or about 2,142,720 acres, in which are the great terraces which eclipse those in New Zealand, more and greater geysers than are found in Iceland, and all the rest of the world combined, and canyons whose volcanic sides, by decomposition of their mineral matter, have taken on the most brilliant and beautiful blending colors.

In this area, in their native state are found great numbers of wild animals, which free from molestation have become comparatively fearless. Among the larger animals are the grizzly and black bears, the buffalo or American bison, moose and American elk. National Park service officials estimate that there are between 10,000 and 20,000 elk.

Words fail to describe the beauty and grandeur of this nation's greatest playground. One can spend several days exploring and sight-seeing and then gain only a limited conception of the vastness and the natural phenomena.

Some travelers go thru the park with camp wagons, others on horseback in pack train, while hikers, the few in number are also enthusiastic about their trips. One may tour the park with one's own vehicle and camp out fit and camp any length of time at the hundreds of places.

The traveler who is not so fortunate to have his own car may see the park thru the services of the Yellowstone Transportation Co., which operates a system of 12 passenger automobiles from the four entrances of the park to every point in the park. By this means a tour of the park is made in four and one half days at a total cost of \$45.00, including transportation and accommodations for that time at the provided camps and \$55.00 if the traveler prefers to lodge at the hotels. The cars are run on a schedule time; the chauffeurs who are very courteous and obliging act as guides, point out the places of interest and allow sufficient time for each sight.

The sights are so numerous and so truly wonderful that it is utterly impossible for the writer to give the reader any true conception of the trip. Leaving the West entrance, we drive to the right, passing thru Christmas tree park which is completely covered with evergreen trees, we arrive at Prismatic Lake the largest and most beautiful springs in this park region. Over its central pit or bowl, the water is of a dark blue color, blending to green towards the edge, while in the shallow portions it has a yellow tint gradually blending into orange at its edge. The water flowing off in every direction with constant wave-like pulsations over the scalloped and slightly raised rim of the lake has formed a succession of terraces, each a few inches in height down the slopes of the mound. It is impossible to exaggerate the delicacy and richness of coloring. The temperature of the water is about 146 degrees Fahrenheit.

As we proceed, we see in the far distant, immense clouds of steam water spurting high into the air. These are geysers which we used to read about in our school geographies and which have made Yellowstone Park famous the world over. A geyser may be defined as a periodically erupting hot water. Its water is not volcanic but simply hot meteoric water. At last we arrive at Old Faithful Geyser, one of the most popular in the park because of the remarkable regularity with which its eruptions occur and the excellent opportunities afforded for observation. Every 70 minutes, with rarely a variation of five minutes, day and night, summer and winter, this wonderful manifestation of nature gives its exhibition. Suddenly the guide cries out "Get your cameras ready." We notice a few spasmodic spurts during which considerable water is thrown out, then a column of hot water two feet in diameter leaps to a height of about 150 feet, maintaining it for almost three minutes.

We remain at Old Faithful Inn, 7,394 feet above sea level for the night, one of the most extensive log structures yet devised by man with every comfort and luxury of the modern hotel. Here the evening is spent in dancing and a wonderful opportunity for romance exists as university boys and girls from every state in the union are there.

After having breakfast we wind our way thru the mountains, observing the beautiful green forests, lakes, streams, canyons and cascades and soon across the

Continental Divide, altitude 8,240 feet and in a few minutes we catch a glimpse of Yellowstone Lake, nestled among the forest-crowned hills and snow-capped mountains which bound our vision, lies this inland sea, its crystal waves dancing and sparkling in the sunlight as if laughing with joy for their wild freedom. It is a scene of transcendent beauty, especially at night when the full moon casts its silvery rays on the waves. Here we spend the evening at the beautiful lake hotel of colonial architecture. The young folks dance and the older folks sit around the fireside which really feels quite comfortable as the air is rather exhilarating at this high altitude.

The next morning we are on our way to the north side of the park. In the meanwhile we are told of the canyon that we are to see in a few hours but we are not as yet very much enthused. We stop for lunch at the Grand Canyon hotel opened to the public in 1911 at the cost of three quarters of a million dollars. It accommodates 600 guests. Spending the day at this hotel is a pleasure. A cozy foyer, extensive lounge and capacious dining room are all elegantly furnished and of novel architecture. Adjoining the main building is the lounge where concerts and dances are held. It is remarkable that so many miles from any railroad, hotels can be so well equipped as to rival the best hostelry.

After lunch we proceeded on our journey enjoying the beautiful scenery. Suddenly the guide cries out "Look yonder" and you behold the Lower Fall of the Yellowstone. It is not the grandest in the world but there is none more beautiful. There is not the breadth and dash of the Niagara nor is there the enormous depth of leap of some of the waterfalls of the Yosemite. But there is majesty of its own kind and beauty too. On either side are vast pinnacles of sculptured rock. There, where the rock opens for the river, its waters are compressed from a width of 200 hundred feet between the Upper and Lower Fall to less than 100 feet when it takes its final plunge. The shelf of rock over which it takes its leap is absolutely level.

The water seems to wait a moment on its verge, then passes with a single bound, 308 feet into the world below. But marvelous as the fall is itself, your attention

tour to the west gate where we entered seeing different kinds of phenomena such as the roaring mountain, petrified forest, snow-capped mountains which all now seem very inferior after having laid eyes on the indescribable Grand Canyon.

On our tour we visited Pike's Peak, Cave of the Winds, Seven Falls, Garden of the Gods, Royal Gorge, etc., which are wonderful sights in Colorado but I believe any tourist will admit that the scenery of Yellowstone far surpasses them in every way. The visit was one thrill after another and was really an epoch in my life.

WEINER ROAST GIVEN AT HOME NEAR CHAPIN

Large Party Spent Pleasant Evening at Home of Mr. and Mrs. Edward Joy—Surprise for Miss Rice—Other Chapin Items.

Chapin, Sept. 28.—A party of Chapin people took advantage of the delightful weather and moonlight nights and arranged a weiner roast for Wednesday night at the country home of Mr. and Mrs. Edward Joy. Those in the party were Mr. and Mrs. Gustav Onken, Mr. and Mrs. L. S. Hess, Mr. and Mrs. P. H. Ham, Mr. and Mrs. Harry Onken, Mr. and Mrs. Alden Allen, Mr. and Mrs. E. H. Nienhuiser, Mrs. E. E. Sides, Mr. John Onnen, Misses Amy Onken, Dorothy Kennedy, Ina Shaul and Helen Sides. They were joined at the Joy home by Mr. and Mrs. Charles Cowdin, Mr. and Mrs. C. B. Joy and H. P. Joy. Early in the evening Mr. Joy built a huge bonfire and had a splendid bed of coals ready with plenty of long roasting forks and a right merry party gathered round the fire and enjoyed the delicious roasted sandwiches, coffee and fruit. Later the guests repaired to the house

where the evening was passed in a pleasant manner. L. H. Salloway who has been very sick the past week, is improving slowly. Miss Vera Rice who expects to leave early in October, with her grandmother, Mrs. Ellen Brewer, for Little Rock, Arkansas to enter business college, was pleasantly surprised Wednesday afternoon by former classmates at high school and her Sunday school class. The affair was planned by her Sunday school teacher, Mrs. Ruth Funk Calloway. A very enjoyable time was had and dainty refreshments of lemonade, wafers and candy were served. The guests were Mrs. Ruth Calloway, Misses Vera and Juanita Rice, Marie Grady, Pauline Crabtree, Myra and Alleen Bobbitt, Lucille and Bernice Baker, Doris Anderson, Ina Vaniter, Verna and Gladys Hamilton, Georgia Rigor, Marjorie and Thelma Brownlow, Vivian Stuart, Martha Alderson, Jessie Ishmael, Mae, Edna and Ollie McDaniell, Iris Simpson. Mr. and Mrs. Alfred Osborne and children of Rushville spent Sunday with W. I. Williamson. Mr. and Mrs. W. I. Williamson spent Wednesday in Jacksonville guests of their son Al Williamson. Mr. Russell Hunter, of the Hunter-Allen Lumber Co., and his mother, Mrs. Maud Hunter of Chillicothe, Ill., and Mr. and Mrs. Fred Allen of Winchester, were guests Wednesday and Thursday of Mr. and Mrs. Andrew Allen. The party made business trips to the company's yards at Bluffs and Mercedosa Wednesday afternoon. Mrs. Ezra Fox of Gibson City, wife of a former pastor of the M. P. church, was calling on old friends in Chapin Wednesday. Mrs. Fox is a guest at the Fox reunion. Mr. and Mrs. Grover Smith and Mr. and Mrs. W. R. Zahn enjoyed a day's fishing in the Illinois river near Beardstown. They report an excellent catch of fine black bass. The guests at the Fox reunion spent the day Thursday on a fishing trip at Mercedosa. Mrs. John Claus of Jacksonville came down Wednesday evening to be a guest at the Fox reunion. B. H. Allen of Versailles spent

Wednesday night here at the Gustav Onken home. The Rehoboth lodge celebrated the 71st anniversary of the order at the lodge rooms Wednesday night. A musical program of piano and violin numbers was given and the history of the local order read. The Rehoboth lodge was organized in Chapin Feb. 12th, 1899 with 34 members. Charter members who are still in the lodge are Mr. and Mrs. Winfield Brownlow, Mrs. Lulu Brownlow, Mrs. Howard Tucker and Mrs. Frank Smith. A miscellaneous supper was served and the following ladies responded to toasts: Mrs. Fannie Simpson, Mrs. Frank Blair and Mrs. Ophie Brewer. Mrs. Andrew Allen was hostess to the Ladies Aid of the M. P. church Thursday afternoon. There were eight members present. A business session and work on a quilt occupied the afternoon. Delicious refreshments were served by the hostess. Mr. Gustav Onken and daughter, Mrs. B. H. Allen spent Thursday in Versailles.

LYNNVILLE

Mr. and Mrs. Otis VanWinkle and children of Franklin spent Sunday with Mr. and Mrs. C. H. Gibbs. Miss Lillian Groves of Jacksonville spent Friday night with Pearl Fligg. Mrs. George Blackburn and granddaughter, Opal Stephenson, have returned home after a visit with relatives in Springfield. FARM BUREAU NOTES

Managers and Directors to Meet—The managers and directors of the Livestock Shipping Association of the county have been invited to meet at the Farm Bureau office at 2 P. M. Saturday to discuss problems of mutual interest. The following questions will be discussed:

Should a Shipping Association have a director as manager? Can a manager afford to ship hogs for less than eight cents per hundred?

Should the amount deducted for insurance be decreased? Should the manager be bonded?

Who should audit the manager's books? When?

Should the manager be allowed to buy hogs? Should Farm Bureau Members pay a membership fee for joining associations organized by the Farm Bureau?

How can the manager keep the members informed about the progress of the association?

Should we organize a county-wide association at Jacksonville with view to serving those points not having any active association?

Labor Scarce—Farm labor seems almost as scarce as at wheat harvest. We have had requests for corn cutters, permanent jobs for single and married men and no takers. It is a mystery where the farm labor has gone.

Not Testing Water—The Farm Bureau office is not testing water from wells. We have sent to the State Water Survey at Urbana and got the special containers needed for a party interested in having well water completely tested. Any citizen can do the same thing. However, the person that collects the samples should have a knowledge of chemistry and bacteriology to appreciate the care required in taking samples.

Cheap Potatoes—The big crop in the potato regions is certainly depressing the market. Some Farm Bureaus are furnishing potatoes to members at less than 20 cents per bushel. Inside information from the potato region reveals the fact that the local price there, hardly justifies digging.

Buy Soy Bean Seed This Fall—Farmers who want soy bean seed will do well to purchase this fall. Growers are cutting for hay and using as forage as never before. Further, the demands from the oil mills will cause the surplus to be shipped out and used this fall. These are sufficient reasons for offering the above advice.

Black Hull Stampede—A new crop or variety may sometimes get more attention than it really should have. The successes of Black Hull Wheat in Sangamon County, and at Experiment Station at Urbana has caused many to want the change seed right off. We recommend a modest trial the first year. The safe plan is to put our main dependence on the regular strain of Turkey Red that has stood the test. Finally don't forget that Turkey 10-110 made good in this county last year.

FIND IT IN BOOKS

Garland, Hamlin—Son of the Middle Border. The simple homely story of the American pioneer is told in this book. It is the tale of courage and vision, settling forth with a wealth of intimate detail the daily lives of the typical American family on the Western frontier in the generation following the Civil War.

Isabel and Richard Garland face many a privation and hardship, but through it all they keep their faith and see, for the most part, the glory of their adventure. This narrative of their experiences—of the things that they suffer and enjoy—is a human document of rare and permanent interest. The main characters of this book are of national importance.

The book is the author's autobiography and his parents' biographies also. Garland was a mere boy when the state of Wisconsin was being settled where his parents took him. They then moved by emigrant wagon to Iowa which was a bare prairie state at that time, then later as he grew up he went into the Southwest where he wrote some of the finest stories of the West that have appeared in American fiction. The setting of some of his stories is laid in the mining camps of Colorado. This book is a revelation into the life led by this popular author. It is as interesting as a novel and is written in the story form. This book was awarded the 1921 Pulitzer prize of \$1,000 for the best biography teaching patriotic and unselfish devotion to the people.

Garland, Hamlin—Daughter of the Middle Border. In this book the author has taken up and carried on the history of Isabel McClintock and Richard Garland. The narrative begins on the morning following the Thanksgiving dinner in the newly acquired homestead and the same characters appear in this new biography. This book tells where the author met and married his wife and their lives from that date on. The author's literary beginnings, his first voyage to Europe, his struggles to maintain his homestead in Wisconsin, his first dress-suit, his presentation of a "new daughter" to his mother, his friendship with Howells and Burroughs, his wedding journey, the fairytale of his daughter's childhood, make up an autobiographic record which reads like a novel but which is in fact a part of the intimate social history of midland America. This book along with "A Son of the Middle Border," was awarded the 1921 Pulitzer prize of \$1,000 for the best biography teaching patriotic and unselfish service to the people. It will be enjoyed by all readers. Get these books at the Public Library.

5-Minute Breakfasts

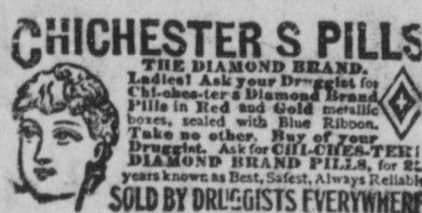

Instant Quaker Oats make them possible

Now your oat dish can be ready in five minutes, if you wish. There is an Instant Quaker Oats which cooks in 3 to 5 minutes.

It is just like the Quaker Oats you know in quality and flavor. It is flaked from queen grains only—just the rich, plump, flavory oats. We get but ten pounds from a bushel.

But the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles. If you want the Instant Quaker look for "Instant" on the label. You will get the quickest cooking oats in the world.

CLUBS AND SOCIETY

Mrs. Robertson to Entertain South Side Club.

Mrs. W. L. Robertson will entertain the members of the South Side Circle this afternoon at her home on Mound avenue. This will be the first meeting of the club year and the time will be spent with sewing and a general social time in which the members will tell of the experiences and incidents of the summer. The club is now starting on a new year and an interesting program of travel, history, art, music and literature has been planned. Following the sewing this afternoon the hostess will serve attractive refreshments and a most pleasant affair is anticipated.

Will Have Picnic At Park.

The members of the Queen Esther Society of Grace M. E. church are planning a picnic and weiner roast to be held at Nichols park on Monday evening. The affair is planned for 6 o'clock and a most delightful outing is anticipated. Miss Anna Mann is the president of the society and is in charge of the picnic.

Hostess to South Diamond Club.

Mrs. William O. Baumgardner was the hostess at the first meeting of the South Diamond Street club yesterday afternoon at her home on West state street. This was the first meeting of the fall and there were a large number of ladies present. The afternoon was pleasantly spent in talking over the happenings of the summer and in sewing. At the close of the afternoon the hostess served attractive refreshments.

Give Party for Miss Fee.

A number of young ladies from the Cloverleaf company gave a little party Thursday evening in honor of Miss June Fee, who is soon to leave the Cloverleaf and go to St. Louis to take a position. The young ladies had planned a beef steak fry at Mauvasterre lake and the event was a most enjoyable one for all. Miss Fee will leave for St. Louis on Sunday.

Mrs. Farrell is Honor Guest.

Mrs. F. E. Farrell was the guest of honor at the all day meeting of the Ladies' Aid Society of State Street Presbyterian church, held yesterday in the church parlors. The occasion was Mrs. Farrell's birthday and the members of the society had planned a surprise in her honor. At noon a delicious luncheon was served and at the close of this six of the ladies brought in a large birthday cake, with lighted candles. Two large baskets of flowers and some gifts were also presented to Mrs. Farrell. Mrs. J. M. Miller made the presentation speech and Mrs. William Floreth presented the gifts which were cooking utensils to "help Mrs. Farrell raise her aid society pledge." This was the first meeting of the fall and much enthusiasm over the work of the coming year was shown by the large number of members who were present.

Wedding Anniversary Is Observed.

Mr. and Mrs. Cy Ragan were very pleasantly surprised Sunday, Sept. 24, when 35 relatives and friends gathered at their home at 16-30 with well-filled baskets and proceeded to prepare a delicious dinner of fried chicken and all the good things that go with it. The occasion being in honor of their 23rd wedding anniversary.

Their daughter, Miss Freda and her friend, Miss Roy planned the surprise and carried it out successfully.

All of their seven children were present with the exception of one daughter, Mrs. Dora Glinick of Beardstown.

Mr. and Mrs. Ragan reside about 2 miles southeast of Concord on Arthur Fairbank's place

and are very prosperous farmers. They have resided near Chapin and Concord for the last twenty-two years.

Mr. and Mrs. Ragan are in good health and their friends unite in wishing them many more years of happy married life.

Following is the list of those present: Mr. and Mrs. Cy Ragan and three children, Ernest, Ireda and William of Concord; Mr. and Mrs. John Brown and son John Jr., of Jacksonville; Mr. and Mrs. Bryan Hacker and daughter, Ada Marie of Concord; Mr. and Mrs. Arthur Nergenah and daughter, Bernice of Chapin; Mr. and Mrs. Henry Schall of Jacksonville; Mr. and Mrs. George Hacker and children of Concord; Mr. and Mrs. Joseph Ray and son Leland of Concord; Mrs. Sarah Plank and daughters, Lorena and Glenn of Jacksonville; Mr. and Mrs. Roy Adams and son Richard of Jacksonville; Miss Ruth Ray of Concord; Robert Reed and Norris Ray of Concord; Miss Marie and Robert Schall of Jacksonville, and Mrs. Chambers and sons, Glen and Ray of Concord.

Family Dinner at Clark Home.

A family dinner was given Sunday at the home of Mr. and Mrs. John F. Clark on Edgmon street. The affair was arranged especially in honor of Mr. and Mrs. J. G. Weathers of Miami, Fla., who are spending some time with relatives in this locality.

At noon a splendid dinner was served and afterward several hours were spent in a delightful way. The company included Mr. and Mrs. W. G. Wolfe and family; Mr. and Mrs. Oliver Stout, Harry Armstrong and Clark Wilson, the latter of Chandlerville.

Helping Hand Class Met. The Helping Hand class of Hobson church met Thursday afternoon at the home of Mrs. Daniel Ward in Sinclair. For the roll call the members answered the question, "Can you think of any evil whose continuance is urged because stepping it would throw men out of work?" Some interesting thoughts were brought out in the course of this discussion.

The class is planning to send a barrel of fruit to the Orphan Home at Normal, and each member who attended yesterday brought a donation for this barrel.

A social hour came at the close of the meeting and at this time the hostess served delicious refreshments.

Splendid Musical Program At D. A. R. Supper.

The D. A. R. supper Thursday night at the Duncan Memorial Home was a very successful event and made an auspicious opening of the fall and winter activities of Rev. James Caldwell chapter.

A splendid supper was served by a committee of which Mrs. George E. Baxter was the chairman. An address of welcome was given by Mrs. William Barr Brown, Jr., and later came a most delightful musical program by the quartet of State Street church. The quartet includes Mrs. W. Barr Brown, Mrs. Abram Welhi, Mr. Hackett Wilder and Mr. Arnold Lovejoy. The program included solo, duet and quartet selections and the large company present manifested its keen appreciation of each number.

The Memorial Home had been made especially beautiful for this occasion, the decorations having been arranged under the direction of Mrs. C. W. Buckingham. A season of unusual social activity is anticipated at the Memorial Home.

ILLINOIS COLLEGE GLEE CLUB ORGANIZES

First Rehearsal Was Held in College Chapel Thursday Night

The first rehearsal of the Illinois College men's glee club was held Thursday evening from 7 until 8 in the chapel at the college. Mr. Lovejoy, instructor of voice at the Conservatory of Music, is directing the glee club. After a few words of explanation in chapel Monday morning, quite a number of men were eager to attend the first rehearsal. Tryouts were held during the early part of the week and the men who were chosen as members, appeared at rehearsal Thursday evening.

The prospects are excellent for a fine musical organization. The club will no doubt give concerts during the year in a number of neighboring towns.

Altho there was a large turnout of men at the rehearsal additional members are expected to join the club and attend the weekly rehearsals.

The following members have been selected: First tenors, Foreman, Rogers, J. R. Martin, Shaw, Thurman, Stone, Deever, Voshall and Cecil Martin; Second tenors: Howells, Stingley, Henry, Haberkorn, Anderson and Savage; Baritone: Warren, Vogt, Bahnan, Frey, Blauvelt, Hart, Kierman, Schneider, Dale and Capps. Akers, Brown, Carter, Bowman, Negus and Roodhouse are slated for the bass section.

MISSIONARY SOCIETY HELD ELECTION

Women of Ebenezer Church Prepare For Years Work—Meeting Held at Home of Mrs. Edward Patterson.

The missionary society of Ebenezer church met Thursday afternoon at the home of Mrs. Edw. Patterson, northwest of the city. The meeting was well attended and there was considerable important business transacted, including the annual election and appointment of delegates to branch meetings.

Mrs. Patterson was assisted in entertaining by Mrs. E. G. Dewees and daughters. Following the business and social session refreshments were served.

The meeting was called to order by the president, Mrs. Emma Cully and the devotionals which followed were led by the Rev. F. E. Bracewell. After the routine business had been finished the society elected Miss Martha Patterson and Miss Ella Blackburn as delegates to the branch meetings to be held at St. Louis October 10 to 12.

The election resulted as follows: President, Mrs. Emma Cully; Vice President, Mrs. Mary Dinwiddie; Second Vice-president, Mrs. Charles Martin; Recording Secretary, Mrs. Edna Moss; Corresponding Secretary, Miss Martha Patterson; Treasurer, Mrs. Rose Cully; Extension Secretary, Mrs. Edw. Paterson; Mite Box Secretary, Miss Pearl Dewees; Children's Work, Mrs. Clyde Black; Press Reporter, Mrs. Carl Martin.

During the social hour a program was given consisting of instrumental music by Rowena Johnson; a reading, "Burning of the Bible Woman's School," by Mrs. Edna Moss and a song by Miss Ruth Dewees.

The meeting closed by singing "Blest Be the Tie that Binds," and prayer by Rev. Mr. Bracewell.

WILLIS OVERLAND CARAVAN COMING TO CITY

J. G. Berger of the Berger Motor company of this city has received word that the Willis Overland Radio Caravan, consisting of eight different models of commercial and passenger cars, will arrive in Jacksonville early Monday forenoon.

One of the features of the occasion will be several radio concerts and entertainments to be given by the wireless expert traveling with the caravan. These will take place Monday afternoon and evening at a place to be announced tomorrow in the daily papers. There will also be a parade of the caravan about the city.

The radio program and demonstration will be thru the finest receiving apparatus made and capable of bringing to Jacksonville people the daily broadcast entertainments of the large cities.

The Willis caravan is making a complete tour of the state of Illinois. They have with them one special car rigged up to talk—it really tells its own story, a feat that arouses much interest and provides considerable entertainment.

Did It Ever Occur to You the Large Number of Our Articles That Are Nationally Advertised?

TO VISIT SEVERAL SHOE FACTORIES

Local Business Men to Make Inspection Trip—Good Progress Made in Raising Mercedia Bridge Fund, C. of C. Directors Find.

Directors of the chamber of commerce last night heard with interest the possibilities of locating a branch shoe store here. According to data in the hands of Secretary Welch, this company, which now successfully operates a large number of plants, purposes to locate another one in a city within a hundred miles of St. Louis.

The possibilities are such that a committee representing the local organization will visit several Illinois cities where such plants are now located. It is the plan to visit these cities and plants so that there may be direct knowledge of their size and the amount of employment given. The industrial committee of the C. of C. includes T. A. Chapin, E. H. Gray, O. P. Baffie, L. Frank, H. L. Caldwell, Louis Horen and H. E. Wheeler. This committee is charged with the task of arranging for a delegation of local business men to visit several of the shoe plants.

John W. Merrigan of the Mercedia bridge committee, reported that \$1,000 has been raised toward the \$2,000 that it was agreed Jacksonville would give to the project. This amount of money has been raised very quickly without general solicitation. It is anticipated that there will not be great difficulty in raising the money because of the general value of the bridge.

Logan Black, representing the property owners outside the city limits on the state road, was present to talk about the possibility of paving East State street from Johnson street to the city limits. Land owners outside the city have contributed to a fund for the project.

It was stated it would be necessary to raise \$2500 in addition to the money possible thru special assessments. In the view of the directors, the time is not opportune for raising this fund and it was suggested that the better plan would be to ask the board of local improvements to narrow the width of the proposed pavement and lower the cost to some extent.

F. A. Suppenter, representing an automobile accessory manufacturer, was before the directors to make a statement with reference to a business that he is expecting to locate in Jacksonville.

Mr. Suppenter has a patent auto bumper and is expecting to manufacture it and other accessories. Various other matters of business were discussed at this session of the directors, over which President R. Y. Rowe presided. Nearly all members of the board were present.

HARD ROAD TO SOUTH NOW IN PROSPECT

Surveyors Will Soon Lay Out Route—Officials Made Inspection Trip Yesterday.

Morgan county people are not to be content with hard roads east and west thru this county, and there is equal interest in securing hard roads to the north and south. Yesterday Senator J. A. Wheeler of Springfield accompanied Morgan county men to the south part of the county to inspect roads in that district.

With Senator Wheeler were County Commissioners George Wheeler and F. L. Mawson; Superintendent of Highways Baldwin and T. M. Tomlinson, representing the chamber of commerce. They traveled to the south on the route proposed thru Murrayville and returned by the routing further to the east.

A promise has been secured that road men from the state highway department will come to this county not later than October 15 to survey the south route, the purpose being to have that route included in next year's building program.

The inspection trip yesterday followed a visit of the county officials to Springfield on Wednesday, when in company with Dr. Wheeler they interviewed representatives of the highway department. At that conference definite assurance was given that bids are soon to be asked for the construction of the hard road to the west of the city.

If the bid is in line with others submitted, there is every reason to expect that the work will begin promptly. The department officials also spoke in a very favorable way concerning the hard road to the south.

DISCIPLES OF CHRIST PLAN STATE MEET

Will Hold Annual Convention at Rock Island Next Week—Jacksonville Will Send Delegates.

The seventy-second annual convention of the Disciples of Christ in Illinois will be held in Rock Island October 3-5. The indications are favorable for a great convention. Rev. M. L. Pontius and other Jacksonville people will be present.

The convention will hear reports from the Illinois Christian Missionary Society, the Illinois Woman's Christian Missionary Society, the Illinois Disciples' Foundation and Eureka college. In addition to these reports the national interests of the Disciples will be presented by speakers of national leadership.

H. H. Peters, state secretary of the Illinois Christian Missionary Society, gives some interesting facts about the work of the society for the past year. The state workers have held thirty-eight revival meetings with a total of 902 additions; three new churches have been organized, and twenty-one re-organized. Fifty-three money-raising campaigns, aggregating \$200,000, have been conducted by the workers of the society. This field force has attended 2,800 conferences, conventions, rallies and board meetings. More than one-half of the 700 churches have been visited at least once during the year.

The correspondence of the state society has been one of the big assets of activity. There have gone forth from the state office 35,000 pieces of mail and 60,000 pieces of literature. In addition to the meetings held by paid employees of the society, fifty-seven volunteer meetings, with an aggregate of 1,200 additions, have been held. This does not include the regular evangelistic activities of pastors in their own churches or the work of professional evangelists.

FREE CLINICS TO BE RESUMED NEXT WEEK

Dr. C. W. East Coming Monday to Examine Crippled Children—Clinic Aided by State Public Health Department and Jacksonville Clinical Association.

The clinics for crippled children conducted under the joint auspices of the state department of public health and the Jacksonville Clinical association will be resumed next week.

Dr. C. W. East, chief of the division of child hygiene and public health nursing of the state health department, will be at Pasavant hospital on Monday, October 2, to consult with physicians and patients regarding the after care of victims of infantile paralysis and the treatment of deformities in children resulting from any cause.

Physicians thruout Morgan and adjoining counties who are caring for cases of this kind are invited to attend this clinic and bring their patients.

Parents of afflicted children are urged to get in touch with their family physicians and arrange for a consultation.

Dr. R. V. Brokaw, county health physician, whose office is at the city hall in this city, will give desired information regarding appointments. The clinic opens at 9 o'clock in the morning and will continue thruout the day.

Jacksonville Churches Entertain for Students

Jacksonville churches threw open their doors and welcomed the students of the city last evening when socials and receptions were held at nine of the churches in honor of the young people of the schools and colleges. Hundreds of students attended the socials and each one found a warm welcome and a good time awaiting him at the church of his choice. Games and stunts, novel forms of entertainment and plenty of good things to eat were the features of the socials at the different churches.

"A Radio Social" was the novel name given to the social at Westminster church. The evening opened with the showing of two films, "Conquering Path" and "A Mother's Child." The social was in charge of the Christian Endeavor, with Miss Suzanne Rhinehart as chairman of the committee and Miss Alice Barwise of the Illinois Woman's College and Elmer Nickel of Illinois College assisting her. They had planned a real radio program for the guests and singing and violin music were the features of the "wireless performance." The rest of the evening was spent with a general good time and delicious supper prepared by the ladies of the church was served at a late hour.

The State Street party consisted of a gay program of games. The whistle game, the bean game, a novel get acquainted game, a hop race and a good mixer game were the features of the fun planned by the committee. Miss Carol Lander, as president of the Christian Endeavor, was assisted in entertaining by Miss Vivian Pires, chairman of the committee, Miss Maude Eva Hackett, Miss Cleo Wilkinson and Howard Nickel. Following the games excellent refreshments were served by the ladies of the church and all the young people departed after having spent a most enjoyable evening.

An informal reception and dancing party was the nature of the social at Trinity church. A large number of young people gathered in the Parish Hall and dancing was enjoyed from eight o'clock until eleven. A three-piece orchestra furnished a program of dance music and this was followed by the serving of a delicious little supper. Mrs. Harry Edgerton as president of the Ladies Guild was in charge of the party and she was assisted by a large committee of the church.

The B. Y. P. U. was in charge of the social at the Baptist church and a very clever little play had been planned for the amusement of the guests. The first part of the evening was spent with a general get acquainted social and this was followed by the play in which the Gumps were the main characters. The funny little comedy dealt with Andy and Min on their vacation, their return home and the subsequent nomination for congress. The play was full of fun, giving amusing incidents in Andy's campaign for congress and in the appearance on the stage of a committee from the Purity League, and the members of the nominating committee. The part of Andy was taken by Leon Stewart; Miss Lillian Swift took the role of Min. After the play a delightful social hour was spent and fine refreshments were served. Arthur Howells, chairman of the society committee, was in charge of the party and he was assisted by Miss Lillian Swift, Miss Helen Turner and John Stewart. Miss Edith Stewart had charge of the refreshments for the evening.

The Congregational young people found a welcome awaiting them at the Pilgrim Memorial where in the social rooms a gay evening was spent in the playing of games and a general good time. The party was in the hands of the Christian Endeavor society and an excellent little supper was served during the evening by the members. Miss Mary Janette Capps was the chairman of the committee and she was assisted by Miss Josephine Milligan, Miss Alice Carter, Miss Joyce Brennan, John Putnam and Alvin Wolfe.

The social rooms at Central Christian church were gayly decorated for the occasion in the college and high school colors of blue and white, brown and gold, blue and gold, and red and white. When the guests arrived they were divided into four groups, freshmen, sophomore, junior and senior. Group singing of popular songs followed and Mrs. Clarkson then gave a reading entitled "A Blighted Courtship," as related by Betsy Higgins. The freshmen group then gave a stunt in the form of a potato race and this was followed by a piano solo by Miss Maurine Bradley. The sophomore stunt was "It pays to advertise," and Madame Colard of the Illinois Woman's College then sang a group of songs. The junior stunt, an old fashioned school scene, occasioned much merriment. Mrs. Ben Roodhouse gave a reading and the senior stunt, a graduation scene, closed the program. Excellent refreshments were served at the close of the evening by the members of the Christian Endeavor. The entertainment committee was chairmaned by Miss Virginia Cummings, and included Miss Kate Clarkson, Miss Lucille Hunter, Malcolm Hulet, Miss Ruth Bradley and Paul Bolman. The refreshment and decoration committee had as chairman Miss Leta Taylor and included Miss Mildred Mikesel, Jacob Frisch, Harry Howard, Gladys Rule, Miss Margaret Hunter and Miss Mamie Ellison. WHITE HALL MUSIC CLUB MET THURSDAY

Opening Session of Club Year
Held at Home of Mrs. W. L. Hull—Stretch of Hard Road to Be Opened—Other White Hall Items.

White Hall, Sept. 27—The opening session of the White Hall Music club was held this afternoon at the home of the president, Mrs. Ward L. Hull, immediately north of town, and there was a splendid attendance under the favorable weather conditions making the faint a most enjoyable one. The program includes the response to roll call with anecdotes of famous musicians, piano numbers by Mrs. C. E. Stetson and Mrs. C. G. Puri, vocal numbers by Mrs. Russell Roodhouse and Mrs. Hobart Conlee, reading by Mrs. Peter Roodhouse, vocal duet by Mrs. Leo Griswold and Miss Edith Chapin, and a piano duet by Mrs. Hull and Miss Helen Worcester.

Charles Boone came down from Beardstown Monday to call on John R. Singleton, and upon arrival learned that Mr. Singleton's funeral had taken place that morning. Boone spent the day most enjoyably about his old home town. He and Singleton and Frank Potts entered the train service of the Burlington at Beardstown 33 years ago, and it was decided between them that Boone would be the first to meet death and Singleton next, whereas the prediction was reversed. Potts was killed and Singleton lost a leg, while Boone has been spared some narrow escapes. Another circumstance is that the two survivors of the trio attained first rate financial standing in their respective communities, Singleton becoming one of the leading business men of White Hall and Boone attaining his financial position at Beardstown by using judgment in the use of his earnings on the railroad along the real estate route that has put him on "easy street." Boone has not been back to White Hall for over twenty years, and so immensely enjoyed meeting old friends that he says he will soon be back with his wife.

Partial opening of the hard road between White Hall and Roodhouse will be effective October 6. This will enable traffic to go north over the Burlington track for half a mile to the Ames place,

thence follow the lane northwest to the West Roodhouse road into Roodhouse. This will reduce the detour nearly two miles.

Justice E. L. Wendell has resigned as teacher of the men's class of the First Baptist Sunday school, and the class is to be reorganized with new officers. This has been a most remarkable organization in Greene county for more than a year because of great ability of the teacher as an instructor, but a men's movement has never attained the success that seems it should attain if on a more independent basis not possible in connection with a general Sunday school, where according to Mr. Wendell, it is subjected to constant exploitation that thwarts the most herculean efforts to increase the interest among men outside the pale of church and Sunday school affiliation.

Miss Ethel Culbertson has been attending a meeting of chief operators of the Illinois Telephone Co. at Jacksonville this week. It is stated, but without adequate authority, that the operators are to receive an advance in pay to the amount of approximately \$5 per month.

Banker J. A. Smith and his mother, Mrs. Minnie Smith, drove over from Palmyra the first of the week.

President S. G. Sykes has been advised that William G. Bierd, receiver of the Chicago & Alton railroad, will visit White Hall and address the Brotherhood in October, the exact date to be fixed later. It was anticipated that Mr. Bierd would be here during September, but the stage of the shopmen's strike precluded such possibility. The coming of Mr. Bierd will create wide interest, and especially so at Roodhouse and White Hall.

WILL MEET TODAY

The South Side Circle will meet with Mrs. W. L. Robertson at 1521 Mound avenue this afternoon.

PETER MANNING TROTS MILE IN 1:57

COLUMBUS, Ohio, Sept. 28.—Paced by a runner Peter Manning, world's champion trotter, today lowered his own record of 1:57 1/4 by trotting a mile here in 1:57 flat in a successful effort to lower the track record of 1:59 1/4. His time by quarters: 29 1/2, 58 1/4, 1:27 1/2, 1:57.

Just before he reached the wire he went into a break thus possibly slowing down his time. The record performance of the trotter was practically the only feature of today's Grand Circuit races. In addition to driving the fastest trotting mile on record, Murphy was behind two winners in two other events. He drove Margaret Dillon to a straight heat victory in the Williams \$3,000 stake for 2:03 pacers. She outclassed the field and paced the middle mile in 2:00 1/2.

Plain Mac second choice in the first division of the 2:18 trot, was driven by Murphy to another straight victory nosing out Binqe the favorite in each mile.

WASHINGTON SPLIT EVEN WITH PHILADELPHIA

ILLINOIS HAS SOME EXCELLENT MATERIAL

Coach Harmon Confronted With Problem of What to Do With So Many First Class Players—Will Scrimmage Today.

For the first time in many seasons Coach W. T. Harmon of Illinois College is faced with the problem of what to do with so many first class men. The coach has a squad numbering fifty out and among them are some of the best prospects that ever entered the school.

In fact there are so many men that the need of an assistant coach is readily seen. It is impossible for one man to handle the squad and arrive at the real merits of the men. Of course with the beginning of scrimmage work the squad will be cut down for it is when scrimmage begins that the real worth of a man stands out.

At the present time Harmon has several men for every position in the line. He has an entire line of veterans from last year's team. In addition to this he has two to three men for every position and all of them show class. In fact some of the veterans have a battle on their hands to keep some of the new men from nosing them out.

In the back field the same situation exists. There are a number of new men who will give some of the regulars trouble in the fight for positions. The quarter back position is Harmon's only problem. Wednesday evening he had Jack Roberts calling signals in the first scrimmage. There also are several others who seek the position of Quarter and they will all be given a chance.

The men were given only light work yesterday afternoon but this afternoon another scrimmage will be held. The teams that Coach Harmon has lined up against each other are evenly matched and it looks as though the either one could give a creditable account of itself in a varsity game.

Word comes from Carthage that Coach Omer is pointing his men for a victory against Illinois here on October 7. Omer has a team of veterans and has been giving them strenuous drilling in preparation for the game. He will have the advantage of Harmon in that his team will play tomorrow with R. E. Harmon's Quincy College team.

WOMEN ADMIRE MEN

Men admire a pretty face, a good figure, but more than all a buoyant disposition and the charm of happy content. There is no question but what a light-hearted woman is the joy of a man's life, but no woman can be happy and joyful when dragged down by ailments that so often develop headaches, backaches, nervousness and "the blues."

We are continually publishing in this paper letter from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after doctors and other medicines have failed to help them. If you are ill why not give it a trial.

HE IS LOOKING 'EM OVER AGAIN

"Eight years of stomach and liver trouble reduced me to a walking skeleton. My skin was dried up and as yellow as a twenty-dollar gold piece. I was filled with gas and had severe pains in my right side. I could not think and had lost all ambition to do anything. Doctors' medicine did not touch me. My cousin advised May's Wonderful Remedy, which snatched me from the grave. I have gained sixty pounds, eat like a hired man and am looking 'em over again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One does well to convince or money refunded. For sale at all drug lists.

I. S. D. WILL PLAY CARROLLTON HIGH

Coach Burns' Illinois School for the Deaf Football Warriors Will Play Greene County Team Tomorrow.

Coach Burns' School for the Deaf football warriors open their season on Illinois field tomorrow afternoon with Carrollton high school as opponents.

The squad has been put thru strenuous drill for the past several weeks by Coach Burns and are in good trim for the contest. While no definite line up has been decided upon by the coach it is probable that the following will start the game:

A. Taylor, lg; Tillman, lt; Montegard, lg; Sellers, c; Woltz, rg; Johnson, rt; Mannen, (Capt.); Re; Miller, qb; Massinkoff, Rose, hb; Crabbe, fb.

The boys have been handicapped somewhat because the study schedule gave only a short period of practice. However, Col. Smith has arranged this so the squad can get on the field at 4 o'clock instead of 4:40 o'clock.

WHITE SOX BEAT MT. VERNON, 7 TO 0

Litchfield, Ill., Sept. 28.—The Chicago White Sox defeated the Mount Vernon Car Builders, 7 to 0, here today in an exhibition game. Eddie Collins and Johnny Mostil, with doubles and triples, led the attack against the semi-professionals. Faber, T. Blankenship and Stubby Mack pitched for Chicago.

Score:

LOSS OF McCANN A BLOW TO ILLINOIS

CHAMPAIGN, Ill., Sept. 28.—Harking back to the football scandal of 1921, when nine Illinois players were disqualified for participating in a professional game, between Taylorville and Carlinville, the University of Illinois, in barring Tom McCann, baseball and grid star has dealt another blow to keep professionalism out of Big Ten athletics.

Professional baseball resulted in the ineligibility ban on McCann who admitted playing several games in the Black Hills last summer. He said he needed the money to finish his senior year at Illinois.

In barring McCann from further athletic competition in the Big Ten, George Huff, athletic director and other university authorities followed much the same procedure as they did in disqualifying the football men last fall, by breaking the news themselves.

McCann, it was said today, probably will make a major league debut next year. He was offered a contract with the Detroit American League club at the beginning of the present season, according to reports here.

In his admission to Huff, which are understood to have been made with no attempt to conceal the facts, McCann said he played last summer with the Greys of Aberdeen, S. D., a Sioux Falls team and later at Deadwood in the Black Hills. He won three of the four games he pitched and played the remainder of the time in the outfield.

The loss of McCann is considered not only a blow to baseball prospects at Illinois next spring, but also to Zuppke's football squad, as McCann was looked on a promising performer in the Illinois back field this fall.

LOCAL TEAM TO PLAY STATE CHAMPS

CENTRALIA, Ill.—The state championship Centralia high school basketball team will open its 1922-23 season November 3, meeting an alumni team here. Twelve of last season's championship squad will be back for basketball, the Marc Hughes and Harry Leuden of Lemais, stars with Centralia's champs, will be eligible to play only during the first semester. Barr, this season's captain, and Parker first team men in 1921-22 and John Lichtenfield and Saul, second team men last year, are expected to make Centralia's team in the coming season.

Scott Kell, James Good and Wilbur Pugh, juniors; Frank Goin and Dolsen Carrigan, seniors and Dwight Lacey, a sophomore, are expected to bid strongly for places on the team. Centralia will play Chester, Jacksonville and Harrisburg, schools it has never met, this season.

LOMBARD OPENS SESSION TOMORROW

Galesburg, Ill.—Lombard College, under the direction of Coach P. J. Schissler, will open its football schedule tomorrow against the Notre Dame reserves, on the local field. Lombard this year is handicapped with the injuries of several players, particularly Captain King, but has thirty-five men battling for the regular positions. Several letter men and a squad of promising material makes the Galesburg school's chances this season on the gridiron appear good.

COACH GROGAN WORKING KNOX MEN

Galesburg, Ill.—Coach Eddie Grogan of Knox College is putting the purple team thru a hard work out this week in preparation for the Iowa Wesleyan game Saturday. The Iowa team is in charge of Coach Garretson, a former University of Iowa star, and a fast game is expected. The Knox team to be started in the game will include only six veterans.

MINISTER IS HONORED

Rev. George White, a product of Morgan county, has recently been honored by election to the position of moderator to the synod of Michigan. The following with reference to Mr. White is taken from the Boyne City (Mich.) Citizens:

The congregation of the Presbyterian church was gratified last Sunday by the news that the pastor, Rev. Geo. W. White has been elected moderator of the Synod of Michigan. It is a fine commentary on the calibre of the man who has served the Boyne city church that its pastors have been men who commanded the honors that have come to them. Both Mr. Gleason and Mr. White have been executive officers of the Presbytery or district association and twice within two decades the honor of the state moderator or president has come to Boyne City. Our Mr. White abundantly deserves the recognition that has come to him. He is not only a sincere and earnest man, but he has the brains and executive ability. The local congregation is to be congratulated that it has such a man for its leader. Mr. White was raised in Woodson, Ill., also a graduate of Illinois College in Jacksonville, Ill., and McCormick Seminary of Chicago.

E. L. Kinney is able to be back at his duties at the office of the Clover Leaf Causality company after a week's illness.

PRICE OF WHEAT AVERAGED HIGHER

By Associated Press. CHICAGO, Sept. 28.—With Anglo-Turkish tension at apparently the most critical stage yet wheat prices averaged higher today but new upturns brought out an increasing volume of sales.

The market closed unsettled at 2c net decline to 1 1/2c and advance December \$1.04 1/2 to \$1.05 and May \$1.08 to \$1.08 1/2.

Corn and oats both finished unchanged to 1/2c off and provisions varying from 2 1/2c to five cents gain.

Commission house buying some of it on the foreign account gave the wheat market an evident advancing tendency at the start. For the most part demand seemed to be based on reports of graver prospects of fighting at the Dardanelles. Higher quotations at Liverpool were taken too as confirming serious views of the war outlook. With each moderate enhancement or values, however, owners of September wheat supplied the pit with good sized offerings of December and May.

In turn this fact prompted more or less speculative selling and consequent reactions except in the September delivery which closed at practically the top figures of the day.

Aside from war news the chief subject of interest in the wheat trade was an official statement that importing countries had produced 160,000,000 less than was the case a year ago and that exports from North America hereafter until February could be looked for at the rate of 13,000,000 to 15,000,000 bushels a week as against 11,500,000 bushels weekly average up to date.

On the other hand difficulty in getting cars to ship wheat and flour to the seaboard was said to be hampering export business greatly. Corn and oats, like wheat, were firmer early and then eased somewhat. Provisions reflected declines in the hog market.

CHURCH AT THAYER
Dr. E. L. Fletcher has gone to Hoopston, Ill., where he will visit with his mother for a few days. Sunday Dr. Fletcher will assist in the dedicatory program of the reopening of the M. E. church at Thayer. The building has recently undergone many improvements and the coming Sunday will mark the services to be held in the remodeled structure. Thayer is a mining town situated on the main line of the Chicago and Alton to St. Louis. It has a population of about 3,000 persons. The miners union recently voted \$115 to the church. The Sunday school of the church has over 80 babies on the cradle roll.

FEW CHANGES IN STOCK MARKET PRICES

By Associated Press. NEW YORK, Sept. 28.—Speculative operators renewed their attack on prices in today's stock market, being assisted by the liquidation of some of individual speculative accounts of individuals and a few pools. The declines, however, were not as extensive as those of yesterday and some extensive short covering in the final hour brought the prices of a few leaders above yesterday's closing quotations.

Unrest in European financial circles over the Near Eastern situation as reflected in the further weakness of foreign exchange and the marking up of call money to five per cent aided the bear faction. However, evidence that the current reaction was influenced by technical considerations than by developments abroad was apparent by

AIRPLANE SQUADRON MAY VISIT THE CITY

Arrangements May Be Made for Visit Next Thursday—Will be Guests of Kiwanis Clubs

If the plans which are now under way materialize, a squadron of aeroplanes will visit Jacksonville next Thursday. An effort is being made to bring the squadron of air craft here in the interest of the recruiting campaign which has been inaugurated in Jacksonville. The campaign which is being put on for the purpose of increasing the number of enlisted men at Rantoul, is under the direction of Lieutenant Harold McGinnis in this city.

Lieutenant McGinnis stated yesterday that he hoped to arrange for the squadron to be in Jacksonville on Thursday. A suitable landing place will be arranged for the planes and automobiles will be on hand to greet the aviators and bring them to Jacksonville where they will be entertained. They will be the guests of the Kiwanis club during their stay in the city and will be special guests at the Kiwanis club weekly noon day luncheon at the Peacock Inn.

After visiting Jacksonville the squadron will fly over Beards-town, Chapin, Alexander and other neighboring towns and will bomb the towns with literature regarding the air service of the United States army. Lieutenant McGinnis has headquarters at the Chamber of Commerce rooms. The Jacksonville Chamber of Commerce is co-operating with the recruiting squadron and is doing everything in its power to make the campaign a success in the city.
